Conditions applicable to student version

EliteCAD

CAD Programm for PC

A model-orientated 3D-CAD program incorporating full interlinking of model and plans, that is, EliteCAD displays the plans in step with the planning stage. A free-form module with Boolean operations and quantity computation open up new paths in planning. An intuitive interface and a library comprising over 5,000 construction-specific entries are likewise integral components.

What is included: Program CD, CD manual and tutorial units 1-3 inclusive.

Licensing: Licensing is via the network card.

MesserliVIS

Visualization program

MesserliVIS calculates three-dimensional situations, taking light, colours and materials into consideration. This puts you in a position to make an early evaluation of projects and to present them effectively. Image calculation takes place in record time. Program can be run on a PC.

Licensing: Licensing is via the GammaSYS No.

General conditions applicable to student versions

Study versions of EliteCAD and MesserliVIS may be utilised without restriction for **study purposes**. If programs are utilised in a commercial capacity, then the user will be obliged to pay double the purchase price within 30 days.

Study versions are valid twelve months, after which time they can be extended by a further twelve months free of charge. To benefit from this, please send us current **proof of your student status**.

Upon request, you will be required to furnish proof of your status. You also agree to Messerli Informatik GmbH contacting your educational body in order to check your status.

Messerli Informatik GmbH reserves the right to reject your application if in the opinion of Messerli Informatik GmbH there is insufficient evidence of your legitimate status.

Delivery is by post.
